COVERAGE IN PUERTO RICO

The NEAP was amended effective September 1, 2021, to expand NEAP coverage to individuals who reside and work in NEAP-covered employment in Puerto Rico.

INCREASE IN AGE FOR REQUIRED MINIMUM DISTRIBUTIONS

The NEAP Trustees have adopted the required minimum distribution (“RMD”) age rules made permissible by the Securing a Strong Retirement Act of 2022 (“SECURE Act 2.0”).

The SECURE Act 2.0 increases the RMD age from 72 to 73 for Participants who attain age 72 in or after 2023, and further increases the RMD age to 75 beginning in 2033. Under this new rule, if you attain the age of 72 on or after January 1, 2023, the NEAP must begin paying your benefit by April 1 of the year following the later of (i) the year you reach age 73, or (ii) the year you actually retire from the electrical industry and are approved for a benefit. However, if you are a 5% owner, your benefit must begin by April 1 of the year following the year you reach age 73.

Please see the chart below for examples of how the SECURE Act 2.0 RMD rules will apply in years before 2033. The details of how the RMD age will transition to age 75 in 2033 will depend on future legislation and IRS guidance.

<u>Age</u>	<u>RMD Age</u>	<u>Required Commencement Date:</u>
If you reached age 72 in 2022	Your RMD age is still 72	April 1, 2023
If you reach age 73 in 2024	Your RMD age is 73	April 1, 2025
If you reach age 73 in 2025	Your RMD age is 73	April 1, 2026
