

Medical Plan Preferred Provider Network

Your medical benefits will continue to be provided by the NECA/IBEW Family Health Care Plan and administered by CompuSys and Anthem in 2012. However, the current Blue Card provider network will be replaced by the Preferred Care Blue network beginning January 1, 2012.*

The Preferred Care Blue network is a more select network, which means that you will receive deeper discounts on medical services from participating providers. Better discounts mean lower medical costs for you and for the Plan. Although there is considerable overlap between the Preferred Care Blue network and the current Blue Card network, you may find that some providers do not participate in both.

For a list of providers who participate in the Preferred Care Blue network, go to neca-ibew-healthcare.com or call 877-937-9602. You will receive a new medical ID card reflecting the change in network. Be sure to discard your old ID card and use the new one beginning in January.

*Most KCP&L employees live in the Preferred Care Blue service network. However, if you do not live in one of the counties listed below, you live outside the Preferred Care Blue network area and **you will continue using the Blue Card network**. If this applies to you, you will not receive a new ID card for 2012 and may continue to use that card.

Counties in Missouri Served by the Preferred Care Blue Provider Network
